The program is administered for the State Civil Defense Department as a part of the State disaster response. Data will be shown for the months for which payments are made.

SOCIAL SERVICES

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1,499 for August. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ In addition, there were 7 children in foster care for whom neither board payment nor specialized service fee was made.

SOCIAL SERVICES

Children receiving payment from the Aid to Dependent Children - Foster Care program provided through County Departments of Pensions and Security numbered 1477 for September. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

* In addition, Re: Administrative Letter 4696c, a one time special service payment of $125,100.00 for 1,428 children with an average of $87.61 per child was paid for children in foster care in August 1982. A county analysis of this data is available upon request.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ In addition, there were 12 children in foster care for whom neither board payment nor specialized service fee was made.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,469 for October. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ In addition, there were 8 children in foster care for whom neither board payment nor specialized service fee was made.

SOCIAL SERVICES

Children receiving payment from the Aid to Children in Foster Care program provided through County Departments of Pensions and Security numbered 2,409 for the month of October. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,482 for November. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

2/ In addition, there were 10 children in foster care for whom neither board payment nor specialized service fee was made.

* In addition to other payments, Re: Administrative Letter 4696d, a one time special service payment of $1,750.00 for 21 children with an average of $83.33 per child was made for children in foster care in August 1982 who were omitted from the one time special service payment made in September 1982. SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,480 for December. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,492 for January. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ In addition, there were 7 children in foster care for whom neither board payment nor specialized service fee was made.

1/ Excludes payments from private funds.

2/ Averages are not representative in some counties as children were sometimes in boarding homes for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

3/ Includes children under State supervision.

4/ In addition, there were 317 children in foster care for whom neither board payment nor specialized service fee was made.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,474 for February. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,500 for March. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ In addition, there were 5 children in foster care for whom neither board payment nor specialized service fee was made.

1/ Excludes payments from private funds.

2/ Averages are not representative in some counties as children were sometimes in boarding homes for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

3/ Includes children under State supervision.

4/ In addition, there were 350 children in foster care for whom neither board payment nor specialized service fee was made.

CHILDREN UNDER CARE OF STATE DEPARTMENT OF PENSIONS AND SECURITY

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,518 for April. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,562 for May. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ Includes 0 State FCMP cases.

3/ In addition, there were 8 children in foster care for whom neither board payment nor specialized service fee was made.

SOCIAL SERVICES

Children receiving payment from the Aid to Children in Foster Care program provided through County Departments of Pensions and Security numbered 2,519 for the month of May. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,566 for June. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

SOCIAL SERVICES

Children receiving payment from the Foster Care Maintenance Payments program provided through County Departments of Pensions and Security numbered 1,564 for July. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.

1/ Averages are not representative in some counties, as children were sometimes at board for only part of the month. Also, in other instances, payments are higher than usual due to unusual care required because of special needs.

2/ Includes 0 State FCMP cases.

3/ In addition, there were 9 children in foster care for whom neither board payment nor specialized service fee was made.

SOCIAL SERVICES

Children receiving payment from the Aid to Children in Foster Care program provided through County Departments of Pensions and Security numbered 2,414 for the month of July. The maximum board payment from the Department is based on the age of the child: children 0-2 years, the maximum is $153.00; children 3-5 years, the maximum is $162.00; children 6-12 years, the maximum is $171.00; and children 13-18 years, the maximum is $180.00. The average board payment per month may be less than the maximum because some of the children included have board payments made partially from private funds and because some children do not remain at board for a full month. In some instances the average board payment may exceed the maximum because certain children are eligible for nursing care or special care.
